NOTES

CYPRUS: Retired Greek General Grivas, who escaped surveillance in Athens and arrived on Cyprus clandestinely early this month, so far has maintained a low profile and is methodically touring villages testing his support. President Makarios' security forces are keeping Grivas under surveillance and appear to be waiting for him to act. Makarios thinks that either disaffected members of the Greek regime or Greek officers on Cyprus may be working with Grivas. Meanwhile, Ankara has not yet reacted to the return of the Turkish Cypriots' archenemy.
